

Go back to Henrik Juel - <http://www.henrikjuel.dk>

Upcoming:

I am currently writing on the rhetoric of moving images and in particular looking at the camera work involved in political debates and speeches on TV. I have various small jobs as an external examiner, and continue my work as peer reviewer for the Journal of Short Film Studies.

Furthermore I'll be running a workshop in Video and a workshop in Speech, and I plan on going to a number of conferences - first stop will probably be Italy.
