Upcoming:

Though I have retired from my regular job as an associate professor at Roskilde University, Denmark, I nevertheless continue my affiliation with this university as an *emeritus*. During Spring of 2025 I was back shortly back there as an external lecturer teaching Video Production.

I have a variety of interesting tasks as an external examiner (censor) at other universities in Denmark. I cover a lot of different subjects like *Psychology of Play and Games*, *Analysis of Film, Video, and TV*; *Qualitative Methods*; *Theory of Science*; *Rhetoric*; *Virtual Reality*; *Sound Studies*; *Aesthetics*; *Philosophy*; *Communication Theory*.

I also participate in a few conferences, mainly in a national or Nordic context.

Besides I continue writing various booklets and papers, and I have some further video productions in mind as well.
